

ALP TEKİRDAĞ

Rumeli Feneri Yolu Sarıyer - İstanbul
0 (505) 014 69 36 • atekirdag17@ku.edu.tr

OBJECTIVE

To obtain a summer internship in computer engineering on the artificial intelligence and gain experience

EDUCATION

Koç University, College of Engineering, İstanbul, Turkey 2017 - Present
Electrical and electronics, Senior (4rd year), (Full Scholarship)

Koç University, College of Engineering, İstanbul, Turkey 2018 - Present
Double Major Computer Engineering, Senior (4rd year), (Full Scholarship)

Expected graduation in 2022. Received Vehbi Koç Honor Award for 3 semesters
GPA 3.98/4.00 - Expected graduation

Balıkesir Açı Science High School, Balıkesir, Turkey 2013 – 2017
Graduation GPA 5.0/5.0

HONORS

Ranked 71st in National University Entrance Examination in 2017 among 2.2 million students.
Gold Medal in the International Mathematical Competition (AMC 8).

EXPERIENCE

TUBITAK, Summer Internship, BILGEM, Gebze 2020

- Research on the jammer resistance system

Koc University, Work and Study program, Engineering Department, İstanbul 2019

- gave lecture and mentored 12 students about java course

Koc University, Arçelik Research Center for Creative Industries (KUAR), İstanbul 2018

- Worked the wearable technology on the smart fabric which changing color according to situation.

ACTIVITIES

Member, IEEE - Institute of Electrical and Electronics Engineering 2017 - Present

- Worked actively in the organization on a variety of events such as TechSummit and GearUp,
- Taught arduino to 30 students at age 17 -18 and making project. As a project coordinator participated in the competitions such as International ODTU Robotics Days

KuAkran Project , Volunteer, İstanbul 2018 - Present

- Gave practical seminars about communication skills and self-awareness.

SKILLS

Programming languages Java, C/C++, MATLAB, VHDL, Python, Arduino , Assembly

Utilities Xilinx, Microsoft office

Languages Fluent in English and Turkish

INTERESTS

Licensed Frisbee Player (2017 – 2019), Wingchun (2012- present)
